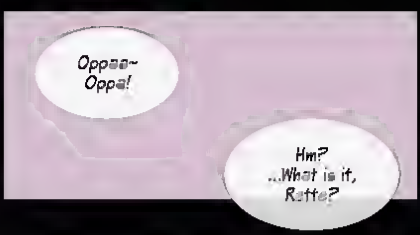
TN: 'Oppa' is the honorific used when a younger female is referring to an older male



Surprise~! How is it? Isn't it cool? This invention is called Pamkin!
Pam... what?
Pamkin! If you wear this, the sensors will respond to the facial muscle so it can change the facial expression too!
Haha.. you have made another funny thing.

But Ratte, how are you going to use that thing?
I will wear it on my head, of course!
No, I meant...
Whatever then, I will give this to Oppa!
No I mean, where...
Head!

You said you will return the uniform?
Yes
...Are you insane? In these times, we need great commanders like you
...I have thought about it for a long time.
Uh... I am sure you know what the absolute power of "Red Uniform" means in "Antoinette." Why do you have to do this?
.....

Are you going to find Rette?
Yes.
In this endless universe? You don't even know where she is!
Yes.
You are crazy. You know it's impossible! Why are you throwing your life away?
Because I promised her.

Even if I had to search the entire universe...

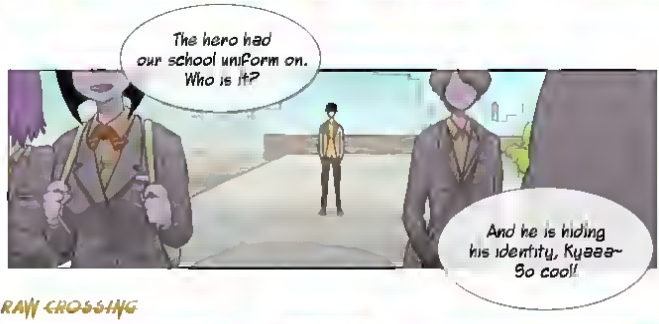
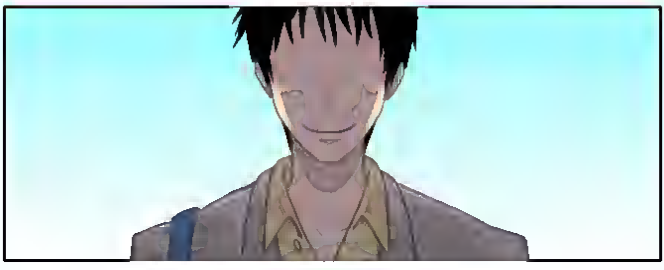
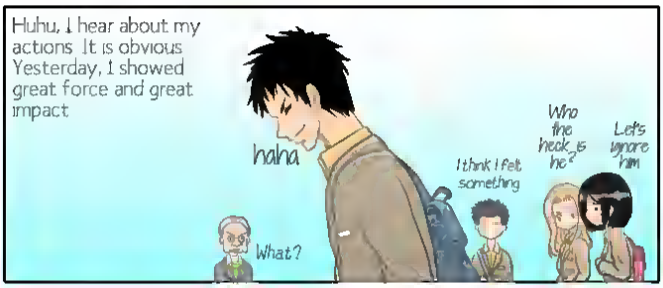
RAW CROSSING

Did you watch the news last night? The story about the alien and the hero in the cap.
Of course, every channel was talking about it.
I freaked out, is it true?
I am sure, the school went crazy about what happened yesterday morning.



RAW CROSSING

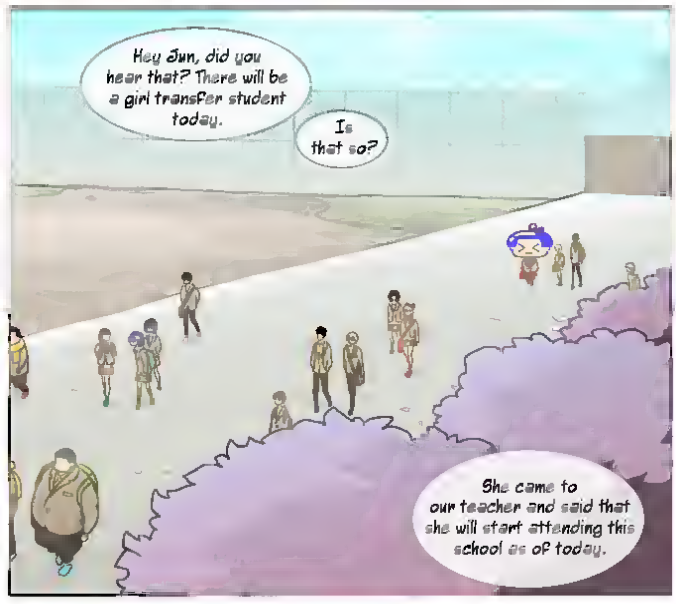




Huhu, I hear about my actions It is obvious Yesterday, I showed great force and great impact
haha
What?
I think I felt something
Who the heck is he?
Let's ignore him

Damn you bro...
Is that the first thing you say to your BFF?
Ban-Gapsu (18) Jo-Jun's friend since Elementary School OP unit who is handsome and a master of sports He is the most popular guy in school.

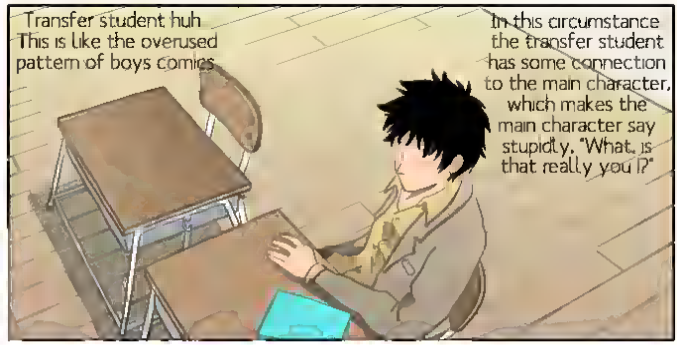
RAW CROSSING



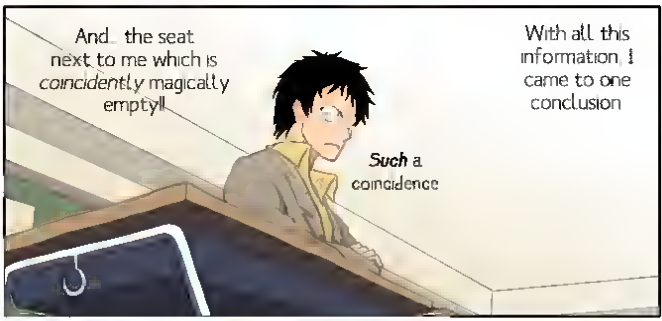
Hey Jun, did you hear that? There will be a girl transfer student today.
Is that so?
She came to our teacher and said that she will start attending this school as of today.

Excited?
Yes! Have some curiosity if it is a girl transfer student. Who knows if she is going to be a red-haired pretty girl from a foreign country?
I would rather aim for First Lotto.

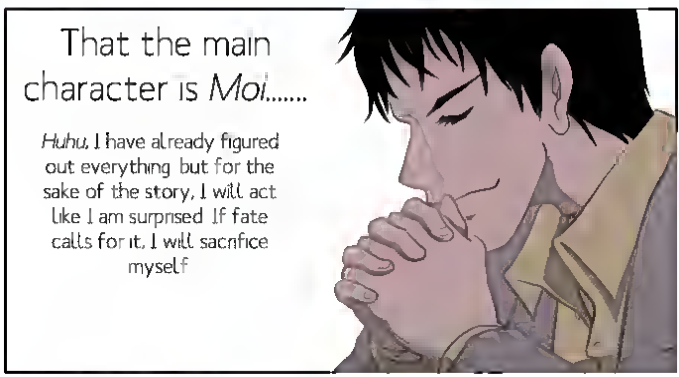
RAW CROSSING



Transfer student huh
This is like the overused pattern of boys comics
In this circumstance the transfer student has some connection to the main character, which makes the main character say stupidly, "What, is that really you!?"



And... the seat next to me which is *coincidently* magically empty!!
With all this information, I came to one conclusion
Such a coincidence



That the main character is *Moi*.....
Huhu, I have already figured out everything but for the sake of the story, I will act like I am surprised. If fate calls for it, I will sacrifice myself

T/N: 'Moi' is French for 'Me'
